### APPROVAL FOR RUSH CHARGES

Client Name:	
Client Signature:	Date/Time:

RUSH CHARGES: 100% additional charge over the quoted analytical unit cost.  
RUSH ANALYSIS: DOES NOT necessarily mean sample results within 24 hours. Rush analysis means expeditious processing, analysis and reporting of results. The time period associated with provision of analytical results is determined by the analytical method. Please inquire as to the expected turn-around-time associated with your sample. Reporting will take place during regular business hours. Emergency sample results required after regular business hours, weekends or holidays may be assessed additional turn-key charges of at least \$200.
